

## Instructions for Form 1120-FSC

## U.S. Income Tax Return of a Foreign Sales Corporation

(Section references are to the Internal Revenue Code unless otherwise noted.)

**Paperwork Reduction Act Notice**

We ask for this information to carry out the Internal Revenue laws of the United States. The information is used to ensure that taxpayers are complying with these laws and to allow us to figure and collect the right amount of tax. You are required to give us this information.

**Changes You Should Note**

The Tax Reform Act of 1986 (Act) made several changes to the way foreign sales corporations figure their taxable income and their tax liability. Many of these changes are contained in these instructions. For information on other changes, see **Publication 921**, Explanation of the Tax Reform Act of 1986 for Business.

**General Instructions****A. Purpose of Form**

Form 1120-FSC is used to report a foreign sales corporation's (FSC) income, deductions, credits, and tax. If a refund is due, Form 1120-FSC may be used to claim it.

**B. What Is a FSC?**

A FSC is a foreign corporation that has elected to be a FSC or small FSC and its election is still in effect. The FSC election is made by filing **Form 8279**, Election To Be Treated as a FSC or as a Small FSC.

To be a FSC (or small FSC), a corporation must meet all of the following tests:

1. It must be a corporation created or organized under the laws of a qualifying foreign country or a U.S. possession (other than Puerto Rico). The foreign country must meet the requirements of section 927(e)(3).
2. It may not have more than 25 shareholders.
3. It may not have preferred stock.
4. It must maintain an office in a qualifying foreign country or U.S. possession (other than Puerto Rico) and maintain a set of permanent books of account at that office. It must also maintain at a location in the U.S. such books and records as are sufficient under section 6001 to establish the amount of gross income, deductions, credits or other matters required to be shown on its tax return.
5. It must have at least one director who is not a resident of the U.S.
6. It may not be a member of a controlled group of which an interest charge DISC is a member.
7. Its tax year must conform to the tax year of the principal shareholder who, at the beginning of the FSC's tax year, has the

highest percentage of voting power. If two or more shareholders have the highest percentage of voting power, the FSC must elect a tax year that conforms to that of any one of the shareholders. See section 441(h).

**8.** A FSC, other than a small FSC, must also meet certain foreign management and foreign economic process requirements. See general instructions F2 and F3 for details.

**C. Filing Form 1120-FSC**

**1. Who Files.**—You must file Form 1120-FSC if your corporation elected, by filing Form 8279, to be treated as a FSC or small FSC and the election is still in effect.

**2. When To File.**—File Form 1120-FSC by the 15th day of the 3rd month after the end of the tax year.

**Extensions.**—File **Form 7004**, Application for Automatic Extension of Time To File Corporation Income Tax Return, to request an automatic 6-month extension of time to file Form 1120-FSC.

**Period covered.**—File the 1987 return for calendar year 1987 and fiscal years that begin in 1987. If the return is for a fiscal year, fill in the tax year space at the top of the form.

**Amended return.**—To correct any error in a Form 1120-FSC already filed, file a revised Form 1120-FSC and write "Amended" across the top.

**Change in tax year.**—To change your tax year, file **Form 1128**, Application for Change in Accounting Period.

**Final return.**—If the corporation ceased to exist during the tax year, write "Final Return" at the top of the form.

**3. Where To File.**—File Form 1120-FSC with the Internal Revenue Service Center, Philadelphia, PA 19255.

**4. Signature.**—The return must be signed and dated by the president, vice president, treasurer, assistant treasurer, chief accounting officer, or any other corporate officer (such as tax officer) authorized to sign. A receiver, trustee, or assignee must sign and date any return required to be filed on behalf of a corporation.

If your corporate officer filled in Form 1120-FSC, the Paid Preparer's space under Signature of Officer should remain blank. If someone prepares Form 1120-FSC and does not charge the corporation, that person should not sign the return. Certain others who prepare Form 1120-FSC should not sign. For example, a regular, full-time employee of the corporation such as a clerk or secretary does not have to sign. (This list is not all inclusive.)

Generally, anyone who is paid to prepare Form 1120-FSC must sign the return and fill in the other blanks in the Paid Preparer's Use Only area of the return.

The preparer required to sign the return MUST:

- Complete the required preparer information.
- Sign it, by hand, in the space provided for the preparer's signature. (Signature stamps or labels are not acceptable.)
- Give a copy of Form 1120-FSC to the taxpayer in addition to the copy filed with IRS.

Tax return preparers should be familiar with their responsibilities. See **Publication 1045**, Information for Tax Practitioners, for more details.

**D. Other Returns and Statements That May Be Required**

**1. Financial statements.**—The balance sheets must agree with your books and records. Reconcile any differences.

**2. Forms.**—The FSC may also have to file other forms. A partial list includes:

**Form 5471**, Information Return With Respect to a Foreign Corporation.—Shareholders, directors, or officers of a FSC do not have to file Form 5471 when the FSC is organized. However, Form 5471 will be required with respect to subsequent changes in ownership as required under section 6046 and related regulations. Provided that a Form 1120-FSC is filed, a Form 5471 need not be filed to satisfy the requirements of section 6038. See temporary regulations section 1.921-1T(b), Question 3, for more information. However, if the FSC is involved in other than FSC activities, Form 5471 and applicable schedules may have to be filed.

**Form 1096**, Annual Summary and Transmittal of U.S. Information Returns.—Used to transmit certain information returns.

**Form 1098**, Mortgage Interest Statement.—This form is used to report the receipt from any individual of \$600 or more of mortgage interest in the course of the corporation's trade or business for any calendar year.

**Forms 1099-DIV, INT, MISC, and R.**—These are some of the information returns that must be filed to report certain payments, such as dividends and interest. For more information, see Form 1096 and its instructions, and **Publication 916**, Information Returns.

**Form 5713**, International Boycott Report.—Used by persons having operations in or related to "boycotting" countries. In addition, persons who participate in or cooperate with an international boycott may have to complete Schedule A or Schedule B and Schedule C of Form 5713 to compute

their loss of the following items: the foreign tax credit, the deferral of earnings of a controlled foreign corporation, IC-DISC benefits, and FSC benefits.

**Form 8264**, Application for Registration of a Tax Shelter.—Used by tax shelter organizers to register tax shelters with the IRS, for the purpose of receiving a tax shelter registration number.

**Form 8271**, Investor Reporting of Tax Shelter Registration Number.—Used by taxpayers who have acquired an interest in a tax shelter, which is required to be registered, to report the tax shelter's registration number. Form 8271 must be attached to any tax return (including an application for tentative refund on Form 1139 and an amended return) on which a deduction, credit, loss, or other tax benefit attributable to a tax shelter is taken or any income attributable to a tax shelter is reported.

**Form 8300**, Report of Cash Payments Over \$10,000 Received in a Trade or Business.—Generally, this form is used to report the receipt of more than \$10,000 in cash or foreign currency in one transaction (or in a series of related transactions). However, transactions that take place entirely outside the U.S. do not have to be reported.

## E. Paying the Tax

**1. FSCs with no office or place of business in the U.S.** must pay the tax due in full when they file their tax return, but not later than the 15th day of the 6th month after the end of the tax year.

The tax may be paid by check or money order, payable to the Internal Revenue Service Center, Philadelphia, PA 19255. In order for us to better process your deposits, please write your employer identification number, "Form 1120-FSC," and the period to which the deposit applies on your check.

**2. FSCs with an office or place of business in the U.S.** must pay the tax due in full when they file their tax return, but not later than the 15th day of the 3rd month after the end of the tax year.

FSCs with an office or place of business in the U.S. must deposit their income tax (and estimated tax payments) with a Federal Tax Deposit Payment Coupon (**Form 8109**). Be sure to darken the "1120" box on the coupon.

Make these tax deposits with a financial institution qualified as a depository for Federal taxes or the Federal Reserve Bank or Branch serving the geographic area where the corporation's office or place of business in the U.S. is located. Do not submit deposits directly to an IRS office, otherwise the corporation may be subject to a failure to deposit penalty. Records of deposits will be sent to the IRS for crediting to the corporation's account. In order for us to better process your deposits, please write your employer identification number, "Form 1120-FSC," and the period to which the deposit applies on your check.

To get more deposit coupons, use the reorder form (Form 8109A) provided in the coupon book. If the corporation does not have these coupons, it should contact an IRS district office.

For more information concerning deposits, see **Publication 583**, Information for Business Taxpayers.

**3. Estimated Tax.**—A FSC with an office or place of business in the U.S. must make estimated tax payments if it can expect its estimated tax (income tax minus credits) to be \$40 or more.

Use Form 1120-W (WORKSHEET), Corporation Estimated Tax, as a worksheet to compute estimated tax. Use the FTD payment coupons in making deposits of estimated tax.

If the corporation overpaid estimated tax, it may be able to get a "quick refund" by filing **Form 4466**, Corporation Application for Quick Refund of Overpayment of Estimated Tax. The overpayment must be both: (1) at least 10% of expected income tax liability, and (2) at least \$500. To apply, file Form 4466 within 2½ months after the end of the tax year and before Form 1120-FSC is filed.

## F. Definitions, etc.

**1. Small FSC.**—A corporation must have filed Form 8279 and elected to be a small FSC. The small FSC cannot be a member of a controlled group which includes another FSC unless such other FSC is also a small FSC.

A small FSC is treated as a FSC on the first \$5,000,000 of its foreign trading gross receipts without meeting the foreign management and foreign economic process requirements. The \$5,000,000 limit is reduced if the small FSC has a short tax year, or may be reduced if the small FSC is a member of a controlled group that contains other small FSCs. Any gross receipts in excess of the limitation are treated as nonforeign trading gross receipts.

See regulations section 1.921-2(b) for more information.

**Note:** *Although a small FSC does not have to satisfy the foreign management requirements below, it has to meet the requirements of section 925(c) in order to use the administrative pricing rules. See item V, page 2, of Form 1120-FSC and Regulations section 1.925(a)-1T(b)(2)(ii) for details on section 925(c) requirements for the FSC and its related supplier.*

**2. Foreign Management Requirements.**—A FSC (other than a small FSC) is treated as having foreign trading gross receipts for the tax year only if the management of the FSC during the year takes place outside the United States. These management activities include:

- Meeting of the board of directors and of shareholders.
- Disbursement of cash, dividends, legal and accounting fees, salaries of officers, and salaries or fees of directors out of the principal bank account.
- Maintaining the principal bank account at all times during the tax year.

**Meetings of directors and of shareholders.**—All meetings of the board of directors of the FSC and all meetings of the shareholders of the FSC that take place during the tax year must take place outside the United States. Only meetings that are formally convened as meetings of the board of directors or as shareholders' meetings are taken into account. If the participants in

a meeting are not all physically present in the same location, the location of the meeting is determined by the location of the person exercising a majority of the voting power participating in the meeting. In addition, all such meetings must comply with the local laws of the foreign country or U.S. possession in which the FSC was created or organized. The local laws determine whether a meeting must be held, when and where it must be held, who must be present, quorum requirements, use of proxies, and so on.

**Principal bank account(s).**—The bank account(s) that is regarded as the principal bank account of a FSC is the bank account from which disbursement of cash, dividends, legal and accounting fees, salaries of officers, and salaries or fees of directors are made. The bank account(s) regarded as the principal bank account must be maintained in a country which satisfies the exchange of information requirements of section 927(e)(3), or in any possession of the U.S. as defined in section 927(d)(5) and it generally must be so maintained for each day of the tax year. The principal bank account(s) must be maintained in an institution that is engaged in the conduct of banking, financing, or similar business.

The principal bank account(s) must be designated on Form 1120-FSC.

For more details, see regulations under section 1.924(c)-1(c).

**3. Economic Processes Requirements.**—A FSC (other than a small FSC) has foreign trading gross receipts from any transaction only if economic processes for such transaction takes place outside the U.S. The regulations set forth the rules for determining whether a sufficient amount of the economic processes of a transaction takes place outside the U.S. Generally, a transaction will qualify if the FSC satisfies two different requirements: participation outside the U.S. in the sales portion of the transaction, and satisfaction of either the 50% or the 85% foreign direct cost test. The activities comprising these economic processes may be performed by the FSC or by any other person acting under contract with the FSC.

The FSC (or other person) may act upon standing instructions from another person in the performance of any activity, whether a sales activity or an activity relating to the disposition of export property.

**Participation outside the U.S. in the sales portion of the transaction.**—The requirement is met for the gross receipts of a FSC derived from any transaction if the FSC (or other person) has participated outside the United States in the following sales activities relating to such transaction:

- Solicitation (other than advertising),
- Negotiation, and
- Making of the contract.

If any sales activity occurs with respect to a single contract for more than one transaction (or for items grouped separately for other purposes), that sales activity will apply to each transaction (or item), regardless of the fact that the transactions (or items) are grouped separately for other purposes (such as satisfying the foreign direct cost tests).

The FSC may elect on an annual basis to group transactions for purposes of satisfying the economic process requirements. Providing the necessary documentation and other rules of regulations section 1.924(d)-1(e) are met, transactions may be grouped on the basis of product or product line, customer, contract, or product or product line within customer or contract groupings. For more details, see regulations section 1.924(d)-1(e).

Solicitation (other than advertising) refers to any communication (by any method including, but not limited to, telephone, telegraph, mail, or in person) by the FSC (or other person), at any time during the 12-month period immediately preceding the execution of a contract relating to the transaction, to a specific, targeted customer or potential customer, that specifically addresses the customer's attention to the product or service covered by the transaction. Activities that would otherwise constitute advertising (such as sending sales literature to a customer or potential customer) will be considered solicitation (other than advertising) if the activities are not taken into account as advertising under the foreign direct costs tests. An exception to this rule is provided for second mailings in regulations section 1.924(e)-1(a)(1)(iv).

Negotiation refers to any communication by the FSC (or other person) to a customer or potential customer of one or more of the terms of a transaction including, but not limited to, price, credit terms, quantity, or time or manner of delivery. Negotiation does not include the mere receipt of a communication from a customer (such as an order) that includes terms of a sale.

Making of a contract refers to performance by the FSC (or other person) of any of the elements necessary to complete a sale, such as making an offer or accepting an offer. Acceptance of an unsolicited bid or order is considered the "making of a contract" even if no solicitation or negotiation occurred with respect to the transaction.

The written confirmation by the FSC (or other person) to the customer of an oral or written agreement which confirms variable contract terms or specifics (directly or by cross-reference) additional contract terms, will be considered the making of a contract. A written confirmation is any confirmation expressed in writing, including a telegram, telex, or other similar written communication.

**Exception for military property.**—The requirement that the FSC participate outside the U.S. in the sales portion of the transaction does not apply in connection with foreign military sales. (The activities described in section 924(e), however, must be satisfied with respect to foreign military sales.) The FSC is deemed to have satisfied the requirements of section 924(d)(1)(A). See regulations section 1.924(d)-1(f) for details.

**Satisfaction of either the 50% or the 85% foreign direct cost test.**—For the gross receipts of a transaction to qualify as foreign trading gross receipts, the foreign direct costs incurred by the FSC attributable to the transaction must equal or exceed 50% of the total direct costs incurred by the FSC attributable to the transaction. Direct

costs are those costs described in the five categories of section 924(e). Instead of satisfying the 50% foreign direct cost test described above, the FSC may incur foreign direct costs attributable to activities described in each of two of the section 924(e) categories that equal or exceed 85% of the total direct costs attributable to the activity described in that category. If no direct costs are incurred by the FSC in a particular category, that category is not taken into account for purposes of determining whether the FSC has met either the 50% or the 85% foreign direct cost test.

Direct costs are those costs that are incidental to and necessary for the performance of any activity described in section 924(e). Direct costs include the cost of materials which are consumed in the performance of the activity, and the cost of labor which can be identified or associated directly with the performance of the activity (but only to the extent of wages, salaries, fees for professional services, and other amounts paid for personal services actually rendered, such as bonuses or compensation paid for services on the basis of a percentage of profits). Direct costs also include the cost of equipment or facilities (or the use thereof) that can be specifically identified or associated with the activity, as well as the contract price of an activity performed on behalf of the FSC by a contractor.

"Total direct costs" means all of the direct costs of any transaction attributable to any of the activities described in section 924(e). For the 50% foreign direct cost test, total direct costs are determined based on the direct costs of all activities described in all of the paragraphs of section 924(e). For the 85% foreign direct cost test, however, the total direct costs are determined separately for each paragraph of section 924(e).

"Foreign direct costs" means the portion of the total direct costs of any transaction that is attributable to activities performed outside of the U.S. For the 50% foreign direct cost test, foreign direct costs are determined based on the direct costs of all activities described in all of the paragraphs of section 924(e). For the 85% foreign direct cost test, however, foreign direct costs are determined separately for each paragraph of section 924(e).

For more details, see regulations under section 1.924(d)-1.

**4. Section 925(c) Requirement.**—In order to use the administrative pricing rules to determine the FSC's (or small FSC's) profit on a transaction or group of transactions, the FSC must perform (or have another person acting under contract to it perform) all of the economic process activities relating to the transaction or group of transactions. All of the direct and indirect expenses relating to the performance of those activities must be reflected on the books of the FSC and on Form 1120-FSC. Under Regulations section 1.925(a)-1T(b)(2)(ii), an election may be made to include on the FSC's books all expenses, other than cost of goods sold, that are necessary to compute combined taxable income for the transaction or group of transactions.

## G. Penalties

The corporation may have to pay the following penalties unless it can show that not filing or not paying was due to

reasonable cause and not willful neglect. (These penalties are in addition to the interest charge on unpaid tax at a rate established under section 6621.)

A corporation that does not file its tax return when due (including any extension of time for filing) may be subject to a penalty of 5% a month or fraction of a month, up to a maximum of 25%, for each month the return is not filed. (The penalty is imposed on the net amount due.) The minimum penalty for failure to file a tax return within 60 days of the due date (including extensions) is the lesser of the underpayment of tax or \$100.

A corporation that does not pay the tax when due may generally be subject to a penalty of ½% a month or fraction of a month, up to a maximum of 25%, for each month the tax is not paid. (The penalty is imposed on the net amount due.)

A corporation that does not pay the proper estimated tax when due may be subject to an underpayment penalty for the period of underpayment. To avoid the estimated tax penalty, the amount of estimated tax payments required to be made by a corporation is 90%. See section 6655.

If the corporation underpaid estimated tax, attach **Form 2220**, Underpayment of Estimated Tax by Corporations, to show how the corporation figured the penalty or which exceptions the corporation believes it meets.

If there is a tax due on line 4, page 1, include the penalty in the total. If there is a refund due, subtract the penalty from the overpayment on line 5, page 1.

**Penalty for Overstated Tax Deposits.**—If deposits are overstated, the corporation may be subject to a penalty. See section 6656(b).

## Other Penalties

The FSC may have to pay the following section 6686 penalties unless it can show that it had reasonable cause for not giving information or not filing a return:

- \$100 for each instance of not giving information, up to \$25,000 during the calendar year.
- \$1,000 for not filing a return.

## H. Cooperatives

Special rules may apply when cooperatives described in section 1381 are shareholders in a FSC. These special rules apply to the nonexempt portion of foreign trade income from the sale or other dispositions of agricultural or horticultural products by the FSC. The FSC may distribute its nonexempt foreign trade income to the cooperative and thereby not be taxed on this amount. The cooperative must include this amount in income for its tax year that includes the last day of the FSC's tax year, even though the FSC does not have to distribute the income until the due date of its income tax return.

## I. Foreign Personal Holding Company

If the corporation is a foreign personal holding company as defined in section 552, certain officers, directors, and shareholders of the corporation must file Form 5471. See section 552 and Form 5471 for details. If the corporation is a personal holding company but not a foreign personal holding company, it must file Schedule PH (Form

1120) with Form 1120-FSC. See section 542 and Schedule PH (Form 1120) for details.

## J. Tax Treaty Benefits

A FSC may not claim any benefits under any income tax treaty between the U.S. and any foreign country.

**K. Section 263A Uniform Capitalization Rules.**—The uniform capitalization rules of section 263A are discussed in general at the beginning of the instructions for Schedule G. See these instructions before completing Schedules A, F, and G.

FSCs subject to section 263A will be required to make adjustments to the cost of goods sold (COGS) computation in Schedule A, and in any COGS worksheets prepared for lines 5 and 18 of Schedule F. To the extent that section 263A costs were not included in inventory in prior years, FSCs must revalue their beginning inventory. FSCs may elect one of the simplified methods of accounting for section 263A costs provided in the regulations. Absent the election of a simplified method, taxpayers are required to allocate additional costs to be included in inventory under section 263A with the same degree of specificity as was required of inventory costs under prior law.

## Specific Instructions

**Accounting methods.**—Compute taxable income by the accounting method regularly used to keep the FSC's books and records. The method used must clearly reflect taxable income. (See section 446.)

A member of a controlled group must avoid using an accounting method that would distort any group member's income, including its own. For example, a FSC acts as a commission agent for property sales by a related corporation that uses the accrual method and pays the FSC its commission more than 2 months after the sale. The FSC, then, should not use the cash method of accounting, because it materially distorts the income of the FSC.

Unless the law specifically permits otherwise, the FSC may change from the accounting method it used to report taxable income in earlier years (for income as a whole or for any material item) only after obtaining consent by filing **Form 3115**, Application for Change in Accounting Method.

**Rounding Off.**—You may show the money items on the return and accompanying schedules as whole-dollar amounts. To do so, drop any amount less than 50 cents, and increase any amount from 50 cents through 99 cents to the next higher dollar.

**Attachments.**—If you need more space, attach separate sheets to the back of Form 1120-FSC. Attach **Form 4136**, Computation of Credit for Federal Tax on Gasoline and Special Fuels, after page 6, Form 1120-FSC. Attach schedules in alphabetical order and other forms in numerical order after the Form 4136. Be sure to put the FSC's name and employer identification number (EIN) on each sheet.

To assist us in processing the return, we ask that you complete every applicable entry space on Form 1120-FSC. Please do not attach statements and write "See attached" in lieu of completing the entry space on Form 1120-FSC.

## Page 1

**Address.**—The address used on the return should be the location of the books and records in the U.S. (as required by section 6001).

**Employer Identification Number.**—Enter the FSC's employer identification number (EIN). If the FSC does not have an EIN, it should apply for one on **Form SS-4**, Application for Employer Identification Number. You can get this form at most IRS or Social Security Administration offices. Send Form SS-4 to the Internal Revenue Service Center, Philadelphia, PA 19255. If you have not received the EIN by the time for filing Form 1120-FSC, write "Applied for" in the space for the EIN.

**Item C. Country or U.S. Possession of Incorporation.**—Enter the name of the foreign country or U.S. possession in which the FSC was incorporated. See sections 927(d)(5) and 927(e)(3).

**Item G.**—Enter the total assets of the FSC from line 14, column (d), Schedule L. If there are no assets at the end of the tax year, enter the assets as of the beginning of the tax year.

**Item H.**—Items (8), (9), and (10) of item H are completed if the FSC is a member of a controlled group of corporations and the principal shareholder of the FSC that completes items H(1) through (7) is not the group member that is the common parent of the group. For purposes of items (8), (9), and (10), the common parent of the group is the member that is the common parent of the controlled group as defined in section 927(d)(4). If the controlled group does file a consolidated tax return, enter the consolidated assets of the group in item (10); otherwise, only enter the common parent's assets.

## Page 2

**Item N.**—All FSCs (except small FSCs) must complete questions (1) and (2) under item N. For more information, see "Foreign Management Requirements" in General Instruction F2.

**Item U.**—A FSC (other than a small FSC) must complete item U to show that it satisfied the foreign economic process requirements of section 924(d) for all transactions for which foreign trading gross receipts were reported on lines 1 through 5 of Schedule B. While these rules are generally applied on a transaction by transaction basis, the FSC may make an annual election to group the transactions (regulations section 1.924(d)-1(e)).

A FSC meets the foreign economic process tests for any transaction, if on an aggregate basis, the foreign direct costs attributable to the transaction are 50% or more of the total direct costs attributable to the transaction for the following activities: 1) advertising and sales promotion, 2) processing of customer orders and arranging for delivery, 3) transportation of property from the time of acquisition by the FSC (or in the case of a commission relationship, from the beginning of such relationship for such transaction) to delivery to the customer, 4) determination and transmittal of final invoice or statement of account and receipt of payment, and 5) assumption of credit risk. Alternatively, the FSC meets the foreign economic process test for any transaction if the foreign direct

costs attributable to the activities described in at least two of the above categories is 85% or more of the total direct costs attributable to the activities described in those categories.

In item U indicate which test(s) apply to the transactions that gave rise to the gross receipts entered on lines 1 through 5, Schedule B. If only one test applies, check the appropriate box. If both tests apply, check both boxes.

In addition to completing item U, the FSC must keep sufficient records to show it met the requirements for each transaction (or group of transactions). These records must be made available on examination of the FSC return.

**Item V.**—Complete item V to make the election allowed by Temporary Regulations 1.925(a)-1T(b)(2)(ii) for the FSC and related supplier to meet the requirements of section 925(c).

## Schedule A—Cost of Goods Sold and/or Operations Relating to Foreign Trading Gross Receipts

Complete Schedule A only for the cost of goods sold deduction related to foreign trading gross receipts reported on lines 1 through 5 of Schedule B.

If the FSC acts as another person's commission agent on a sale, do not enter any amount in Schedule A for the sale.

A small FSC will have to make two separate computations for cost of goods sold if its foreign trading gross receipts exceed the limitation amount on line 6e of Schedule B. In this case, a deduction for cost of goods sold will be figured separately for the income on line 6h of Schedule B, and separately for the income on line 7 of Schedule F. Attach the computation for the cost of goods sold deduction entered on line 18 of Schedule F to Form 1120-FSC.

Also, complete a separate computation for cost of goods sold and other expenses attributable to income reported on line 4 of Schedule F. Attach this schedule to Form 1120-FSC.

Complete lines 1 through 7, column (a) of Schedule A, to show the cost of goods sold for inventory acquired in transactions using the administrative pricing rules. Complete lines 1 through 7, column (b), to show the cost of goods sold for inventory acquired in transactions in which the administrative pricing rules were not used. For details on administrative or nonadministrative pricing rules, see separate **Schedule P (Form 1120-FSC)**, Computation of Transfer Price or Commission.

**Section 263A Uniform Capitalization Rules.**—The uniform capitalization rules of section 263A are discussed in general in General Instruction K and the instructions for Schedule G. See those instructions before proceeding.

FSCs subject to section 263A will be required to make adjustments to the cost of goods sold computation(s) for Schedules A, F, and G where applicable. To the extent that section 263A costs would have been included in inventory in prior years, FSCs must revalue their beginning inventory. FSCs may elect one of the simplified methods of accounting for section 263A costs provided in Temporary Regulations section 1.263A-1T for purposes both of

revaluing their inventory and to account for costs in subsequent years. Absent the election of a simplified method, FSCs are required to allocate additional costs to be included in inventory under section 263A with the same degree of specificity as was required of inventoriable costs under prior law.

**Line 1.**—For tax years beginning after 1986, beginning inventory must be revalued as if the section 263A rules had been in effect for all prior periods. For inventory that when sold results in foreign trade income, enter the revalued beginning inventory on line 1 of Schedule A. For inventory that when sold results in nonexempt foreign trade income or nonforeign trade income, enter the revalued beginning inventory on the computation schedule for lines 5 and 18 of Schedule F.

In addition to the revaluation, an adjustment to income is required under section 481(a). The section 481 adjustment is taken into account over a period not to exceed 4 years. Also, since the application of section 263A is considered to be a change in accounting method, the FSC is required to complete Form 3115 to show the computation of the section 481(a) adjustment. Attach Form 3115 to Form 1120-FSC. Be sure to use the 1987 revision of Form 3115. See the regulations for more information on revaluing beginning inventory.

The section 481(a) income adjustment relating to schedule A is entered in columns (a) and (b), between lines 5 and 6, of Schedule B. Also write to the left of the column (a) amount "481/263A income." Allocate the section 481(a) income to columns (a) and (b) of Schedule B in the same way as the beginning inventory was allocated to columns (a) and (b) of Schedule A. Enter the section 481(a) income attributable to beginning inventory for the computation of the cost of goods sold for line 5 of Schedule F in the total for line 4, columns (a) and (b), of Schedule F. Write to the left of column (a) of line 4 "481/263A income" and the amounts of the 481(a) income entered in columns (a) and (b). Enter the section 481(a) income attributable to beginning inventory for the computation of cost of goods sold for line 18 of Schedule F in line 16 of Schedule F. Write to the left of the line 16 amount "481/263A income" and the amount of the 481(a) income.

**Line 4a.**—An entry is required on this line only for FSCs electing a simplified method of accounting. In the case of FSCs electing the simplified production method, additional section 263A costs are generally those costs, other than interest, that were not capitalized or included in inventory costs under the corporation's method of accounting immediately prior to the effective date in Regulations section 1.263A-1T but that are now required to be capitalized under section 263A. In the case of taxpayers electing the simplified resale method, additional section 263A costs are generally those costs incurred with respect to the following categories: off-site storage or warehousing; purchasing; handling, processing, assembly, and repackaging; and general administrative costs (mixed service costs). Enter on line 4a the balance of section 263A costs paid or incurred during

the tax year that were not included on lines 2 and 3. See Regulations section 1.263A-1T for more information.

**Line 4b.**—Enter on line 4b any costs paid or incurred during the tax year not entered on lines 2 through 4a.

**Line 6.**—See Regulations section 1.263A-1T for more information on figuring the amount of additional section 263A costs to be capitalized and added to ending inventory.

**Note:** *The instructions for lines 1, 4a, 4b, and 6 also apply to the computation of the cost of goods sold for purposes of lines 5 and 18 of Schedule F.*

**Line 8a. Valuation methods.**—Inventories can be valued at: (a) cost, (b) cost or market value, whichever is lower, or (c) any other method approved by the Commissioner of Internal Revenue, that conforms to the applicable regulations cited below.

Taxpayers using erroneous valuation methods should file Form 3115 to change to a method permitted for Federal income tax purposes. For further details, see regulations section 1.446-1(e)(3) and Rev. Proc. 84-74, 1984-2 C.B. 738.

In line 8a, check the method(s) used for valuing inventories. Under lower of cost or market, market generally applies to normal market conditions when a current bid price prevails at the date the inventory is valued. When no regular open market exists or when quotations are nominal because of inactive market conditions, use fair market prices from the most reliable sales or purchase transactions that occurred near the date the inventory is valued. For more requirements, see regulations section 1.471-4.

Inventory may be valued below cost when the merchandise is unsalable at normal prices or unusable in the normal way because the goods are "subnormal" (that is, because of damage, imperfections, shop wear, etc.) within the meaning of regulations section 1.471-2(c). Such goods may be valued at a current bona fide selling price less direct cost of disposition (but not less than scrap value) if such a price can be established. See regulations section 1.471-2(c) for more requirements.

If this is the first year the "Last-in First-out" (LIFO) inventory method was either adopted or extended to inventory goods not previously valued under the LIFO method, provided in section 472, attach **Form 970**, Application To Use LIFO Inventory Method, or a statement with the information required by Form 970. Also check the LIFO box in line 8b. Enter the amount or percent of total closing inventories covered under section 472 in line 8c. Estimates are acceptable.

If the corporation changed or extended its inventory method to LIFO and had to "write up" opening inventory to cost in the year of election, report the effect of this writeup as income (as appropriate in Schedule F, line 16) proportionately over a 3-year period that begins in the tax year the election was first made. See section 472(d).

## Schedule B—Taxable Income

Schedule B provides for the computation of taxable income from all sources.

## Changes for Tax Years Beginning after 1986

**a.** The installment method is no longer available for any sale of personal property under a revolving credit plan.

**b.** The use of the installment method is limited by the proportionate disallowance rules of section 453C. Additional tax is generated by the application of the proportionate disallowance rules of section 453C for sale of personal property by a dealer after February 28, 1986. The tax is taken into account or treated as imposed ratably over a period of 3 years. The additional tax is included in the tax entered on line 3 of Schedule J of Form 1120-FSC. See section 811(c)(7) of the Tax Reform Act of 1986, and the instructions for line 3 of Schedule J for more information. This rule may be applicable to both Schedule B and Schedule F income.

**c.** Passive activity limitations may apply to FSCs that are closely held corporations. See instructions for line 20 of Schedule B.

## Part I

Part I provides for the computation of income attributable to foreign trade income. Income and expenses on lines 1 through 15 are reported in column (a) or (b) based on the method of pricing (administrative or nonadministrative) used in the transaction that produced the income.

Report in column (b) all foreign trade income from all transactions in which the administrative pricing rules were not used. This income may or may not be effectively connected with a U.S. trade or business. Attach a schedule showing the computation of the taxable amount. (Only the taxable portion is included in line 16 of Schedule B.) Such income would be effectively connected and taxable more often for a small FSC, as it normally has a place of business in the U.S.

**Lines 1 through 5**—Enter foreign trading gross receipts as defined in section 924(a).

Report commission income on lines 1 or 2 based on the sale, lease, or rental of property on which such commission arose.

**Line 5**—Gross receipts from the performance of managerial services for an unrelated FSC or IC-DISC are foreign trading gross receipts if two conditions are met. These conditions are:

1. The managerial services must be performed with respect to activities that result in the sale, exchange, or other disposition of export property, the rental or lease by the lessee of export property outside the U.S., or that are related to and subsidiary to the activities described above; AND

2. At least 50% of the FSC's gross receipts for the tax year must be derived from the sale, exchange, or other disposition of export property, the lease or rental of export property outside the U.S., and services that are related or subsidiary to these activities. Gross receipts are defined in section 927(b).

For example, if receipts reported on lines 1, 2, and 3 of Schedule B are less than 50% of gross receipts for the year, managerial services would not qualify as foreign trading

gross receipts for the year. In this case, these receipts would be reported on line 16 of Schedule F.

**Lines 6b through 6h**—Determination of limit on foreign trading gross receipts for the small FSC. See General Instruction F1 and section 924(b)(2) before completing this part.

**Line 6f**—If commission income is reported on lines 1 or 2 of Schedule B, total receipts for purposes of line 6f are figured as follows:

1. Enter total of columns (a) and (b), line 6a, Schedule B . . . . .

2. Enter total commission income reported on line 1 or 2, Schedule B . . . . .

3. Line 1 less line 2 . . . . .

4. For the commissions reported on line 2 above, enter total gross receipts for the sale, lease, or rental of property on which the commissions arose. (Section 927(b)(2)) . . . . .

5. Add lines 3 and 4. Enter on line 6f, Schedule B . . . . .

**Line 6h**—When making the line 6h allocation, only allocate the commission income attributable to the gross receipts on line 4 above. If the foreign trading gross receipts of the FSC exceed the line 6g, Schedule B, limitation, the FSC may select the gross receipts to which the limitation is allocated. See regulations section 1.921-2(b) Q-4.

**Line 7**—Enter the deduction for cost of goods sold from line 7, Schedule A, page 2.

**Line 10**—Provides for exclusion of exempt foreign trade income based on exemption percentages on lines 9a and 9b.

**Line 14**—Enter deductions from Schedule G that are attributable to nonexempt foreign trade income.

**Part II**

Part II is a summary of taxable foreign trade income and taxable income from Schedule F.

**Line 16**—Combine the income on line 15, column (a), with any taxable amount in line 15, column (b). See instruction for Part I, column (b) above, regarding taxable income in column (b). Attach a schedule showing the computation of the taxable amount.

**Line 19a. Net operating loss deductions.**—The net operating loss (NOL) deduction is the amount of the NOL carryovers and carrybacks that can be deducted in the tax year. Generally, a FSC may carry a NOL back to each of the 3 tax years **preceding** the year of the loss and carry it over to each of the 15 tax years following the year of the loss. See section 172 and related regulations for special rules, limitations, and definitions pertaining to NOL carrybacks and carryovers. Also, see **Publication 536**, Net Operating Losses, for more information.

**Line 19b. Special Deductions.**—A FSC may be entitled to a dividends-received deduction for dividends it receives from other corporations. Complete a dividend worksheet similar to that on page 6 to determine the total amount of dividends received by the FSC and to figure the dividends-received deduction. Attach your worksheet to Form 1120-FSC.

**Line 20. Taxable income (loss).**—If the FSC is a closely held corporation and has a section 469(d) passive activity loss or credit, section 469 loss limitations apply to the FSC for tax years beginning after 1986. Generally, a passive activity loss or credit would be attributable to FSC operations that generate nonforeign trade income or loss. If the FSC has passive activity loss or credit for 1987, the loss is limited in figuring line 20 taxable income or loss, and any passive activity credit entered on Schedule J of Form 1120-FSC is limited.

For information on passive activity limitations, see **Publication 925**, Passive Activity and At-Risk Rules; **Form 8582**, Passive Activity Loss Limitations; **Form 8582-CR**, Passive Activity Credit Limitations; and section 469. If the limitations apply to a loss or credit, complete Form 8582 or Form 8582-CR, as applicable, to determine the limitations. Attach the forms to Form 1120-FSC. **Note:** *The instructions for line 28 of page 1, Form 1120, U.S. Corporation Income Tax Return, give a brief explanation of how Form 8582 is completed by a closely held U.S. corporation.*

**Schedule E—Percentages To Be Used in Figuring Exempt Trade Income, etc.**

Schedule E is used to figure the exemption percentages that are used in figuring exempt foreign trade income (Schedule B, line 10) as well as deductions attributable to exempt foreign trade income (Schedule G, line 17).

A C corporation means a corporation other than an S corporation. Shareholders other than C corporations are individuals, partnerships, S corporations, trusts, and estates.

Use lines 2a through 2d to figure the exemption percentage for foreign trade income that was determined without regard to the administrative pricing rules of section 923(a)(2).

Use lines 3a through 3d to figure the exemption percentage for foreign trade income that was determined by using the administrative pricing rules of section 923(a)(3).

**Schedule F—Nonexempt Foreign Trade Income and Nonforeign Trade Income**

**Changes for Tax Years Beginning after 1986**

**a.** Before completing Schedule F, see **Changes for Tax Years Beginning after 1986** in the instructions for Schedules B and G for changes that also affect Schedule F income and expenses.

**b.** The use of the installment method is limited by the proportionate disallowance rules of section 453C. Additional income is generated by the application of the proportionate disallowance rules of section 453C for sale of real property held for sale to customers by a FSC that is a dealer. The income is taken into account ratably over a period of 3 years. The income is reported on line 16 of Schedule F. See section 811(c)(6) of the Tax Reform Act of 1986 for more information. Dealers in the sale of personal property that produces Schedule F

income should see the Schedule B instructions referenced in item **a** above.

**c.** Schedule F was expanded for 1987 to include nonexempt foreign trade income (line 1 of Schedule F) that was previously reported directly on Schedule B.

**Schedule F—Part I.**—Enter nonexempt foreign trade income and related expenses in Part I.

**Line 1.**—Enter 50% of total receipts attributable to the sale, exchange, or other disposition of military property and related services. (**Note:** *The other 50% of this income is reported on lines 1 and 3 of Schedule B.*)

**Line 2.**—Enter FSC income that resulted from the FSC's cooperation with an international boycott. See Form 5713 for reporting requirements for any FSC with operations in or related to a boycotting country. See section 927(e)(2).

**Line 3.**—Enter any amount of illegal payments, bribes, or kickbacks that the FSC paid directly or indirectly to government officials, employees, or agents. See section 927(e)(2).

**Schedule F—Part II.**—Enter the taxable portion of gross income of the FSC that is not derived from foreign trade gross receipts. This type of income includes amounts specifically excluded from foreign trade income by law (line 7); investment type income (lines 8 through 12); income from property that is subsidized, deemed in short supply, or destined for use in the U.S. (lines 13 and 14); amounts from transactions that did not meet the foreign economic process tests (line 15); and other nonforeign trade income (line 16). For more details, see sections 924(f) and 927(a)(2) and (3).

**Line 9**—See instructions for the dividend worksheet below to figure the dividend income to report on line 9. Attach the dividend worksheet you prepare to Form 1120-FSC.

**Instructions for Dividend Worksheet on Page 7**

**Column (a) Instructions**

**Line 1.** Enter dividends received from domestic corporations subject to income tax and the deduction under section 243(a)(1) and certain dividends received from Federal Home Loan Banks (section 246(a)(2)). For dividends received from a regulated investment company, see section 854 for the amount subject to deduction.

So-called dividends or earnings received from mutual savings banks, etc., are really interest. Do not treat them as dividends.

Do not enter on line 1 any dividends received on "debt-financed" stock acquired after July 18, 1984. See section 246A and line 2, column (a), instruction below.

**Line 2.** Enter dividends that would have been eligible for the section 243(a)(1) or section 245 deduction except that they are from "debt-financed" stock acquired after July 18, 1984. "Debt-financed" stock is stock that the corporation incurred a debt in acquiring.

**Line 3.** Enter dividends received on the preferred stock of a public utility that is subject to income tax and is allowed the deduction provided in section 247 for dividends paid.

**Line 4.** Enter dividends that are received from foreign corporations and that qualify for the deduction provided in section 245(a). Also enter dividends received from other FSCs that are attributable to qualified interest and carrying charges and that qualify for the deduction provided in section 245(c)(1)(B).

**Line 6.** Enter all other dividends received from foreign corporations that do not qualify for a dividends-received deduction.

**Line 7.** If the FSC claims the foreign tax credit, the tax that is deemed paid under section 902(a) (relating to credit for a corporate stockholder in a foreign corporation) must be treated as a dividend received from the foreign corporation. (See section 906(b)(4).)

**Line 8.** Include dividends (other than capital gain dividends and exempt interest dividends) received from regulated investment companies that do not qualify for the dividend-received deduction; dividends (other than capital gain dividends) received from a real estate investment trust that, for the tax year of the trust in which the dividends are paid, qualifies under sections 856-860; dividends not eligible for a dividends-received deduction because of the holding period of the stock or an obligation to make corresponding payments with respect to similar stock; and any other taxable dividend income not properly reported above (including distributions under section 936(h)(4)).

### Line 1, Columns (b) and (c)

The dividends-received deduction percentage for dividends received after December 31, 1986, is 80%. Multiply the dividends received by 80% to determine the dividends-received deduction.

A small business investment company operating under the Small Business Investment Act of 1958 may deduct 100% of dividends received from domestic corporations subject to income tax. (Section 243(a)(2).)

### Line 2, Columns (b) and (c)

The dividends-received deduction for dividends received on debt-financed stock is explained in section 246A. This section applies both to dividends received from debt-financed stock of domestic and foreign corporations acquired after July 18, 1984.

Dividends received on debt-financed stock are not entitled to the full 80% dividends-received deduction. The 80% deduction is reduced by a percentage that is related to the amount of debt incurred to acquire the stock. See section 246A. Also see section 245(a) before making the computation for an additional limitation which applies to dividends received from foreign corporations. A schedule showing the computation of the amount on line 2, column (c), of the worksheet must be attached to Form 1120-FSC along with the dividend worksheet.

### Line 3, Columns (b) and (c)

For dividends on certain preferred stock of public utilities received after December 31, 1986, but before July 1, 1987, the dividends-received deduction percentage is 55.652%. For these dividends received after June 30, 1987, the dividends-received deduction percentage is 47.059%.

Multiply the dividends received in each period by the proper percentage to determine the correct dividends-received deduction.

### Line 4, Columns (b) and (c)

The dividends-received deduction percentage for dividends received from foreign corporations entitled to the dividends-received deduction under section 245(a) is 80% for dividends received after December 31, 1986. The corporation must have at least a 10% interest in the foreign corporation.

### Column (c) Instructions

**Exclusion of certain dividends.**—In general, no dividends-received deduction will be allowed on any share of stock (a) if the corporation held the stock 45 days or less (see section 246(c)(1)(A)) or (b) to the extent the corporation is under an obligation

to make corresponding payments with respect to substantially identical stock or other securities.

**Line 5. Limitation on dividends-received deduction.**—Line 5 may not be more than 80% of line 18, Schedule B. For this purpose compute line 18, Schedule B, without regard to any adjustment under section 1059 and any capital loss carryback to the tax year under section 1212(a)(1).

In a year in which a net operating loss occurs, this 80% limit does not apply even if the loss is created by the dividends-received deduction. (See sections 172(d) and 246(b).)

**Line 18**—Enter on line 18 of Schedule F the deductions allocated or apportioned to income on lines 7 through 16. Make a separate computation for any cost of goods sold deduction included in the line 18 amount. Attach the computation to Form 1120-FSC.

## Schedule G—Deductions Relating to Foreign Trade Income Changes for Tax Years Beginning after 1986

**a. Section 263A Uniform Capitalization Rules.**—Many items that were deductible under prior law must now be capitalized or included in inventory under the new uniform capitalization rules of section 263A. The new rules require FSCs to capitalize or include in inventory certain costs incurred in connection with the production of real and personal tangible property held in inventory or held for sale in the ordinary course of business. Tangible personal property produced by a taxpayer includes a film, sound recording, video, tape, book, or similar property. The rules also apply to personal property (tangible and intangible) acquired for resale. Taxpayers subject to the rules are required to capitalize not only direct costs but an allocable portion of most indirect costs (including taxes) that benefit the assets produced or acquired for resale. Interest expense paid or incurred in the course of production must be capitalized and is

governed by special rules. The uniform capitalization rules also apply to the production of property constructed by a taxpayer for use in trade or business or in an activity engaged in for profit.

Section 263A does not apply to personal property acquired for resale if the taxpayer's annual average gross receipts are \$10,000,000 or less. It does not apply to timber or to property produced under a long-term contract. Special rules apply for farmers. The rules do not apply to property which is produced for use by the taxpayer if substantial construction occurred before March 1, 1986.

The uniform capitalization rules are generally effective for costs and interest paid or incurred after December 31, 1986. The uniform capitalization rules relating to inventory apply to tax years beginning after 1986. Transitional rules are contained in section 803 of the Tax Reform Act of 1986.

In the case of inventory, some of the indirect costs which may not have been capitalized before 1987 which now must be capitalized are: administration expenses, taxes, depreciation, insurance costs, compensation paid to officers attributable to services, rework labor, and contributions to pension, stock bonus, and certain profit-sharing, annuity, or deferred compensation plans.

Current deductions may still be claimed for research and experimental costs under section 174, and mining and exploration and development costs. Regulations section 1.263A-1T specifies other indirect costs that may be currently deducted and those that must be capitalized with respect to production or resale activities. For more information, see section 263A, Uniform Capitalization Rules in the instructions for Schedule A; and Regulations section 1.263A-1T.

**b. Deduction for Bad Debts.**—Before 1987, the FSC could treat bad debts in either of two ways: (1) as a deduction for specific debts that become worthless in whole or in part, or (2) as a deduction for a reasonable addition to a reserve for bad debts. For 1987, the FSC can only use the specific charge off method of figuring its bad debt deduction. If the reserve method was used in prior years, see the instruction for line 11 of Schedule G for rules on changing to the specific charge-off method.

**c. Meals and entertainment expenses.**—For tax years beginning after 1986, the amount a FSC is allowed as a deduction for food and entertainment expenses is limited to 80% of the amount that would otherwise be allowable. The 80% limitation of section 274(n) is applied after determining the otherwise allowable deduction under section 162 and other provisions of section 274. Section 162 permits a deduction for ordinary and necessary expenses of a trade or business; however, section 274(l) limits the deduction for certain entertainment expenses, and section 274(k) does not allow a deduction for any expenses of any food or beverages to the extent they are lavish or extravagant. See section 274 for more information.

## Line Instructions

**Line 1.** Only enter foreign direct costs in lines 1a through 1e. See section 924(e) and regulations section 1.924(e)-1T(a) through (e) for definitions and rules on direct activity costs relating to foreign trade income. If you take a deduction for bad debts on line 1e, and you use the reserve method to figure the deduction, attach a schedule as explained in the line 11 instruction below.

**Line 4.**—Besides depreciation, include in line 4 the part of the cost that the FSC elects to expense under section 179. See the instructions for Form 4562. For property placed in service after 1986, the section 179 expense is limited to \$10,000.

**Line 11. Bad debts.**—Generally, for tax years beginning after 1986, the FSC can only use the specific charge-off method of figuring its bad debt deduction. See section 166 for more information.

When changing to the specific charge off method for 1987, the following rules apply:

**a.** The change is treated as a change in the FSC's accounting method that is initiated by the FSC,

**b.** The change shall be considered as approved by the Commissioner, and

**c.** The net amount of adjustments required by section 481 because of the change in accounting method must be reported as income as explained below.

The adjustment referred to in item c above is the amount of the balance of the FSC's reserve for bad debts at the close of its 1986 tax year. The balance of the reserve is reported ratably in each of the first 4 tax years beginning after 1986. Report each year's ratable portion of the income in Schedule B and Schedule F based on the percentage of each type of sales income to total sales income for the tax years the reserve was established. For more information see section 805(d)(2) of the Tax Reform Act of 1986.

## Schedule J—Tax Computation

### Lines 1 and 2

Members of a controlled group, as defined in section 927(d)(4), with tax years that began before July 1, 1987, are entitled to only one \$25,000 amount in each taxable income bracket on line 2a. Members of a controlled group that have tax years that end after June 30, 1987, are entitled to one \$50,000 amount and one \$25,000 amount (in that order) in each taxable income bracket on line 2b.

When a controlled group adopts or later amends an apportionment plan, each member must attach to its tax return a copy of its consent to this plan. The copy (or an attached statement) must show the part of the amount in each taxable income bracket apportioned to that member. There are other requirements as well. See regulations section 1.1561-3(b) for these requirements and for the time and manner of making the consent.

**Equal Apportionment Plan.**—If no apportionment plan is adopted, the members of the controlled group must divide the amount in each taxable income bracket equally among themselves. For example, controlled group AB consists

of corporation A and corporation B, both corporations with tax years which include July 1, 1987. They do not elect an unequal apportionment plan. Therefore, corporation A is entitled to \$12,500 (one-half of \$25,000) in each taxable income bracket on line 2a. Corporation B is also entitled to \$12,500 in each taxable income bracket. Each income bracket on line 2b of Schedule J is also equally divided.

**Unequal Apportionment Plan.**—Members of a controlled group may elect an unequal apportionment plan and divide the amount in each taxable income bracket as they wish. There is no need for consistency among taxable income brackets. Any member of the controlled group may be entitled to all, some, or none of the amount in a taxable income bracket. (However, the total amount for all members of the controlled group cannot be more than the total amount in each taxable income bracket.) Each member of a controlled group must complete item T on page 2 of Form 1120-FSC.

**Note:** *Members of a controlled group of corporations are treated as one corporation for purposes of figuring the applicability of the additional 5% tax. If the additional tax applies, each member of the group must attach to its tax return a schedule that shows the taxable income of the entire group as well as how its portion of the additional tax was figured.*

## Tax Computation

**Line 3.**—The FSC figures the tax on its taxable income by using Schedules A and B of the Tax Computation Worksheet on page 10 of the instructions. Members of a controlled group, see the instructions below for lines 1 and 2 of Schedule J before proceeding to page 10. If the FSC is a dealer in personal property and is using the installment method for 1987, it should see section 811(c)(7) of the Tax Reform Act of 1986 to figure the ratable portion of the tax attributable to section 453C to be included in line 3 of Schedule J. Write in the space to the left of line 3 "Sec. 453C tax computation." Attach your schedule showing the computation to Form 1120-FSC.

**Additional Tax.**—The Tax Computation Worksheet includes the computation for an additional 5% tax on the excess of the FSC's taxable income over a specified amount. The "specified amount" was changed, effective July 1, 1987, from \$1,000,000 to \$100,000. The maximum amount of the additional tax (previously \$20,250) has been changed to \$11,750 effective July 1, 1987.

**Alternative Tax.**—If the tax year of the FSC begins before July 1, 1987, and the corporation has a net capital gain on line 10, Schedule D (Form 1120), the alternative tax computation may apply. To compute the alternative tax, complete Schedules A and B of the Tax Computation Worksheet on page 10 as instructed and enter the amount from line 34 of the worksheet on line 12, Part IV, Schedule D (Form 1120). Complete the rest of Part IV, Schedule D (Form 1120), and enter the lesser of the alternative tax or the tax figured by the regular method on line 3, Schedule J, Form 1120-FSC.

**Line 4. Foreign tax credit.**—Generally, neither a FSC nor its shareholders may claim a foreign tax credit. The FSC may, however, claim a foreign tax credit for any foreign taxes imposed on foreign source nonforeign trade income that is effectively connected with a U.S. trade or business. This income is subject to a separate limitation when computing the foreign tax credit.

A shareholder of a FSC may be entitled to a foreign tax credit on certain distributions from a FSC. These distributions are from foreign-sourced foreign trade income that was determined without using administrative pricing. See Regulations section 1.921-3T(d).

**Line 6. Alternative minimum tax (and environmental tax).**—Attach **Form 4626**, Alternative Minimum Tax—Corporations, if the taxable income plus adjustments and the tax preference items of the FSC exceeds \$40,000. See Form 4626 for more information. Attach Form 4626 to Form 1120-FSC.

Also, if the FSC is liable for the section 59A environmental tax figured on Form 4626, enter this tax on line 6. Write to the left of line 6 "Sec. 59A tax" and the amount of the tax. See Form 4626 for more information. Attach Form 4626 to Form 1120-FSC.

**Line 7. Personal holding company tax.**—If the FSC is a personal holding company described in section 542 but not a foreign personal holding company described in section 552, it may be liable for the personal holding company tax. Use **Schedule PH (Form 1120)**, Computation of U.S. Personal Holding Company Tax, to figure this tax. Enter the tax on line 7 and attach Schedule PH (Form 1120) to Form 1120-FSC.

**Schedule P (Form 1120-FSC).**—Complete and attach a separate Schedule P (Form 1120-FSC) for each transaction or group of transactions to which you apply the transfer pricing rules of section 925. See Schedule P (Form 1120-FSC) for details on completing the schedule.

## Schedules A and B—Tax Computation Worksheet

**Effective July 1, 1987, the tax rates for corporations were reduced. The new rates of tax are:**

15% on the first \$50,000 of income;

25% on the next \$25,000 of income; and

34% on any amount over \$75,000.

Also, an additional tax of 5% is applied against income in excess of \$100,000. The maximum amount of this additional tax is \$11,750.

**Corporations with tax years beginning after June 30, 1987, should complete Schedule B (below) only.**

24	Enter the lesser of line 23 or \$25,000 (members of a controlled group, see instructions)	
25	Subtract line 24 from line 23.	
26	Multiply line 22 times 15%	
27	Multiply line 24 times 25%	
28	Multiply line 25 times 34%	
29	Additional tax. If line 21 is more than \$100,000, enter the lesser of: (a) 5% of the excess of line 21 over \$100,000 or (b) \$11,750 (members of a controlled group, see instructions)	
30	Add lines 26 through 29 (If only Schedule B was completed, skip lines 31 through 34. Enter the amount from line 30 on line 3, Schedule J, Form 1120-FSC.)	
31	Enter amount from line 18, Schedule A, above	
32	Line 31 × $\frac{\text{number of days in tax year before 7-1-87}}{\text{number of days in tax year}}$	
33	Line 30 × $\frac{\text{number of days in tax year after 6-30-87}}{\text{number of days in tax year}}$	
34	Tax liability before credits. Add amounts on lines 32 and 33. Enter here and on line 3, Schedule J, Form 1120-FSC. If the alternative tax applies, enter on line 12, Schedule D (Form 1120)	

# Codes for Principal Business Activity

These codes for the Principal Business Activity are designed to classify enterprises by the type of activity in which they are engaged to facilitate the administration of the Internal Revenue Code. Though similar in format and structure to the Standard Industrial Classification Codes (SIC), they should not be used as SIC codes.

Using the list below, enter on page 1, under D, the code number for the specific industry group from which the largest percentage of "total receipts" is derived. "Total receipts" means the total of receipts on line 6a, Schedule B, and lines 4 and 17 of Schedule F.

On page 2, under O, state the principal business activity and principal product or service that accounts for the largest percentage of total receipts. For example, if the principal business activity is "Wholesale trade: Machinery, equipment, and supplies," the principal product or service may be "Engines and turbines."
